To the Honorable City Council  
and Citizens of Claremont

Submitted herewith is the City Manager's 11th Annual Report of the City of Claremont under the Council Manager form of government.

In a year marked by a National recession which was highlighted particularly by a cutback in the machine tools industry of which our city plays a major part we can, nevertheless, point with pride to a community that withstood the burden of shorter hours and lower income and came forth, with necessary improvements and accomplishments.

In September, Beauregard Bridge construction was started to connect Beauregard Village with Route 103, thereby making the village more accessible to the main city area and provide for further expansion of the village area.

The Claremont Cable Company drew considerable attention with a request to sell and service television sets in addition to maintaining their cable work. Council action to permit sales and service to the Cable Company provided for assurance of free enterprise in our community.

Land for a new sanitary landfill operation was purchased and put into operation on the Newport Road some four miles from the compact area of the city, eliminating a most undesirable dumping operation at the North Street site.

A preliminary sewer survey was made to determine an overall program for improving the Sanitary Sewer System and to provide for enlarging the present sewage treatment plant under Federal Aid.

The city's bonded debt was reduced as provided for in our debt retirement program further improving the cities borrowing capacity for future development. Tax anticipation funds were borrowed at a record low interest rate of 1.44%.

To relieve the burden of the Recession period, a surplus food program was authorized and conducted semi-monthly at which time Government Surplus Food was distributed to the needy.

Highway work included construction of South Street, Pleasant Street, and Green Mountain Road, along with regular and maintenance work throughout the year.

Zoning came to the forefront this year with several requests for business expansion which noted the need for amending the existing Zoning Ordinance. A special committee appointed by the City Manager with the approval of the the City Council was set up to conduct a study and report quarterly to the Council.

Transportation as it pertains to Claremont covering railroads, roads, and air, was discussed and studied with an arrangement to continue an active standing committee to alert our community to the problem of keeping Claremont accessible to business and future development in light of the ever changing pattern of physical growth in the Twin State Valley.

The Water & Sewer Department reconstructed a number of mains throughout the city, worked on improvement of timber growth on the six city reservoirs, and made extensive repairs at the sewerage treatment plant.

I should like to take this opportunity to extend my appreciation and thanks to our City Council for their assistance and work during the past year, and to the Department Heads and employees for their performance in rendering the many municipal services to our citizens.

Respectfully Submitted,

Thomas E. Duff, City Manager

# Highlights of 1958 Council Meetings

Jan. 2 George W. Angus elected Mayor of Claremont

Jan. 2 Passed resolution providing for \$500,000. tax anticipation notes.

Feb. 3 Adopted City Budget for 1958

Apr. 2 Surplus Food Program approved to assist unemployed.

Apr. 22 Resolution adopted to construct Beauregard Bridge and Lottery Bridge

May 7 Ordinance No. 65 adopted

June 4 Public Hearing on Claremont Cable Company contract.

July 2 City Manager authorized to purchase land for sanitary landfill site.

Aug. 6 Adopted Ordinance No. 66

Aug. 6 Claremont Cable Company granted permission to sell and service television sets in Claremont.

Nov. 19 Council on record to oppose dropping the Northeast Airline franchise at Claremont Airport.

Dec. 3 Voted to accept extension of Cornell Street as public highway

New Junior High School

### Cemetery Department

This department, under the supervision of Cleo Hadley, is responsible for the maintenance and improvement of the three city cemeteries mainly, Union Cemetery, Mountain View Cemetery, Pleasant Street Cemetery. In addition assistance is given to the St. Mary's Cemetery and the Temple Meyer David Cemetery. During the year there were 152 burial services. Fifty-eight gravestone foundations were constructed.

Blueprints were made for sections A, U, and V in Mountain View Cemetery. The St. Mary's Association also had new blueprints made for section J, N, and L of their grounds. There were approximately 80 sunken graves filled and re-seeded.

### Highway Department

The services rendered by this department include maintenance and construction of streets, bridges, sidewalks, street cleaning, street signs, erection and maintenance, snow removal, and sanding, repairing and maintenance of all city owned equipment and machinery. In this latter capacity the city maintains and operates a repair shop at the highway garage.

### Weights and Measures

This department is under the supervision of Arthur T. Forrest, city sealer of weights and measuers.

During the year the department participated in the national observance of Weights and Measures Week and maintained a window display of weights and measures on Pleasant Street to better inform the public of the services that are available through this department. Increased checks were made this year on preweighted packages to insure the public of receiving full value for their purchases. Gasoline delivery trucks and service stations were checked periodically by this department. The following is a report of the inspections for 1959.

### City Sealers Annual Report

	Adjusted	13

Packages reweighed	Correct	679
	Over	77
	Under	106

### Health Department Report

The Board of Public Health held 12 regular meetings during the year and several special sessions on emergency measures covering the Asiatic Flue disturbance, and sanitary sewer locations. The spraying for rag weed control throughout the city was also sponsored by the Board of Health.

Farm Visits — Milk Inspection 320  
Areas covered: Sunapee, Grantham,  
Croydon, Newport, Bradford, N. H.  
Claremont, Cornish, Springfield, Vt.,  
Ludlow, Vt., Windsor, Vt.

Cows Inspected for Slaughter	2,686
Calves Inspected	4,733
Hogs Inspected	4
Sheep Inspected	51

Total	7,474
(Condemned Animals)	87 head

Number of Health Certificates issued to Food Handlers

Restaurants Inspected	
Number of Polio Clinics held	4
School children vaccinated against Polio	430
Preschool children vaccinated against Polio	430
Infants vaccinated against Polio	208
Expectant mothers vaccinated against Polio	51
Others vaccinated against Polio	24

Total attendance	1,143
------------------	-------

Diseases reported by physicians:

Measles	105
Mumps	0
Hepatitis	1
Chicken Pox	25
Nuisance reports	43
Dog bites, investigated and put on quarantine	9

### Visiting Nurse Association

There were 407 Cases carried during 1958; of these, 83 were non-communicable, 11 of which were cancer cases, 2,404 visits were made to this group. Twelve Crippled Children Cases were visited, appointments were made for Clinics and follow up visits were made.

Health supervision visits were made to 232 Infants and 68 Pre-school Children. Ten Pre-school were taken to the Eye Clinic at Hanover. Some of these Clinic appointments were paid by the Lions Club, of Claremont, and some by the Sight

**Firemen Assemble Before Departing to Local Schools to Instruct During Fire Prevention Week**

Conservation Department of Public Welfare at Concord.

There have been 9 Well Baby Clinics at the Hospital sponsored by the Hospital, the Lioness Club, and the Visiting Nurse Association. At these Clinics 25 — 1st. and 2nd. Triple Toxoid Shots were given, 34 — 3rd. Triple Toxoid Shots and 27 Booster Shots. Forty-eight had physical check-ups and 24 received Small Pox vaccinations. Total attendance was 158.

Considerable work was done by the Nurses for the Salk Vaccine Clinics for Pre-school Children and Infants. Of this group there were 174 who received 1st. shots, 170 2nd. shots and 283 3rd. shots.

One Nurse has attended each of the 10 Mental Hygiene Conferences held in connection with the Mental Hygiene Clinics for Children at the Community Center.

Altogether there were 3,427 visits made by the Nurses, of which, 1,691 were paid, 183 part paid, and 1,553 free.

Respectfully Submitted  
Edith Sloan, R. N.

## **Fire Department**

I hereby submit my report for the year ending December 31, 1958.

There were 224 calls answered by the department. Of these 212 were still calls and 12 were bell alarms. The fire loss to the City was \$41,000.57

The still calls were as follows

Business places	10
Chimney fires	39
Car and Truck fires	14
Emergencies other than fire	10
False alarms	8
Forest Fires	6
Grass Fires	25
House and building fires	25
Manufacturing places	9
Oil burners	32
Smoke investigations	21
Rubbish and dump fires	9
Inhalator calls	3

The Fire Department equipment I consider to be in good condition with the exception of one truck that was purchased in 1939 and is now obsolete and in only fair condition.

The fire alarm system has been modernized and

in good condition, one new circuit has been added and five boxes installed. There is approximately forty miles of aerial line wire in the city some of which should be replaced, a section each year.

At this time I wish to express my thanks for the fine cooperation given me, by the city government, the members of the department, other departments of the City, and the public in general.

Respectfully Submitted  
Esmond Dansereau, Chief  
Claremont Fire Department

## In Memoriam

The death of Dr. Leonard R. Haubrich, April 29, 1958, was a great loss to the community. Dr. Haubrich was a member of the E. Charles Goodwin Community Center Commission since it was organized. At the time of his death, he was chairman of the Group. His sincerity and broad vision aided Mrs. Goodwin and Miss Bailey to realize the importance of providing a Community Center for the people of Claremont. His active interest in, and his work for, the Center, up until the time of his death, proved beyond a doubt, his great love for this project and the youth of the City. The memory of his optimistic viewpoint and his sound advice is a continuing inspiration to those left to carry on this dedicated work.

## **Claremont Recreation and Park Departments**

### **Goodwin Community Center and Indoor Pool**

#### **Annual Report for 1958**

On behalf of the members of the Recreation and Park Departments, I would like to express appreciation to the City of Claremont, the Mayor, City Council, City Manager and Members of the Goodwin Community Center Commission, and all who had part in providing funds, facilities, and personnel necessary in the operation of our recreation program.

I would also like to pay tribute to the tireless efforts of our professional workers, volunteer leaders, helpers, civic organizations, our schools, and all others without whose splendid support our task of providing a complete program would have been impossible.

We are always open to suggestions and constructive criticism concerning ways in which our youth and adults may be better served. Members of the staff and the Commission are dedicated to improvement and better things for the citizens of Claremont. The following is a list of facilities that are available to the people of Claremont: year round supervised Center; three summer supervised playgrounds; two athletic fields — one with lights; picnic area; indoor pool; outdoor pool; two wading pools; five tennis courts; little league field; three skating rinks; ski area and tow; indoor and outdoor archery range; all purpose area; country club (private); and a commons and band concert area.

#### **PARK DEPARTMENT**

The Park Department has kept busy maintaining all the parks and islands in the city, improving present facilities, repairing and adding new equipment. At Moody Park the fireplaces were repaired and five new tables and benches added. Also, the shelter house at the top of the park was repaired and a new backstop was added to the playing field. At Monadnock Park, 55 yards of loam and fill was added to the baseball diamond and 50 pounds of grass seed was used. The asphaltting of the tennis courts was completed and a finish coat was started. On the little league field, 30 yards of fill and 50 yards of loam were added. A new pipeline was laid to the tennis courts for flooding of the area for winter skating and a drinking fountain was added. The Department also painted and repaired the buildings and repaired the road in Monadnock Park. At Barnes Park 50 yards of loam was added to the baseball diamond.

#### **OUTDOOR POOL**

Shower rooms and the bathhouse were re-

painted at the outdoor pool, as well as the pool tank and deck area. The old fence was replaced with a new one.

#### **PLAYGROUNDS**

The playground season opened June 24th, with new leaders at all three parks. Miss Geraldine Barrett was supervisor at Barnes, Miss Helen Parker at Moody and Mrs. Adele Kamel at Monadnock. The three supervisors attended a Playground Institute at the University of New Hampshire in Durham, June 23rd, at which they received ideas and suggestions for playground operation. The playground supervisors kept Claremont youngsters occupied with many activities, programs and special events. For the first time the three playgrounds participated in a State Playground Meet which was conducted by the New Hampshire Recreation Society. The boys and girls competed in field and track events on their own playgrounds, after which their times were compared with the times of youngsters in other playgrounds throughout the State. The Claremont youngsters fared well in this event. The playground leaders also supervised the weekly outdoor dances held on the tennis courts for the teenagers during the summer. Again, junior leaders gave invaluable assistance to the supervisors in conducting their programs. Attendance for all playgrounds for the year was 18,540. 10,200 attended Barnes Park, 4931 at Monadnock, and 3,409 at Moody Park.

The popular Lollipop Carnival and a field day for all youngsters ended a successful season.

#### **SPORTS PROGRAM**

The Junior Basketball Program, conducted by the Goodwin Community Center, with the assistance of the Junior Sports League, started its 15th season with 28 teams participating. There were 15 teams in the midget division, 6 teams in the junior division, and 7 teams in the intermediate division. 136 boys registered in the midget division, 46 in the junior division and 56 in the intermediate division for a total of 238 boys registered in the program. All teams played two games per week. There were 120 games in the midget division, 48 games in the junior division and 54 games in the intermediate division for a total of 222 games played during the regular schedule. Midget and junior games were played at the City Hall and St. Mary's Gym. The intermediate games used the facilities of the Claremont Armory. There were 23 games played in the local Junior Sports League Tournament and 11 games in the annual Twin State Tournament conducted by the Goodwin Community Center, making a total in all of 256 basketball games supervised by the Goodwin Community Center, assisted by the Claremont Junior Sports League.

**Baseball: Little Leaguers March to Monadnock Park**

### **LEARN TO SKI PROGRAM**

266 boys and girls registered for the Learn to Ski program, co-sponsored by the Friends of Skiing and again conducted at the Claremont Country Club slopes. The lessons were taught by volunteer instructors. The ski tow was operated with the help of interested people who volunteered their time to give Claremont youngsters enjoyment in the use of the tow.

### **FIGURE SKATING**

The figure skating lessons, conducted on the Goodwin Community Center rink, had 88 boys and girls registering for this program which is under the co-sponsorship of the Claremont Figure Skating Club. Being Unable to procure a professional instructor, three local girls who have received advanced instruction in the art of figure skating, volunteered their time to teach the youngsters. They were the Misses Patricia White, Marilyn Martell, and Martha Lewin. At the end of the season, the group put on a demonstration and exhibit at the Monadnock park rink.

### **ICE SKATING**

There were 34 skating days at Monadnock Park with an attendance of 8000 and for the first time the new rink on the tennis court was used. At Barnes there were 28 days of skating with an attendance of 5000. At the Goodwin Community Cen-

ter rink there were 40 days of skating with a total attendance of 4000.

### **ARCHERY**

Again, for the archery enthusiasts, the Mohican Bowmens Club provided indoor shoots during the winter months at the C. E. Densmore building and during the summer and fall months, shoots were held outdoors at the Davis and Lewin property at Moody Park.

### **SOFTBALL**

The Claremont Softball League, conducted by the Goodwin Community Center, opened its season on May 19th with a four team league. Each team played a schedule of 20 games, with all games being played at Monadnock Park.

### **JUNIOR BASEBALL PROGRAM**

The junior baseball program for boys 8 to 12 years old had their tryouts on May 16th and 17th, with the season opening on June 1st with a double-header. 187 boys signed up in the junior baseball program which was divided into major and minor league teams. The majors played in the evening. The minors played in the afternoon. 36 Little League scheduled games were played during the season. The Little League play-off games were played under the lights at Barnes Park on on August 13th. During the season the Little Lea-

gue players played a series of games with out of town teams. The Babe Ruth program for boys 13 through 15 officially opened their season on June 16th. All their games being played at Barnes Park. Each team played twice a week. The Babe Ruth playoffs were played August 6th and 8th. 74 boys were registered in this program. Also throughout the season the Babe Ruth teams were in outside competition.

### **SWIMMING TEAM**

The Claremont swimming team which is sponsored by the Goodwin Community Center had a very busy season competing in the Twin State Valley meets, the State meet at Manchester, N. H. and also in the first N. H. Playground swim meet, in which nine communities throughout the state competed. The Claremont team lost the Twin State Valley title for the second time in eight years. In the N. H. Playground swimming meet which is sponsored by the N. H. Recreation Society, and which will be held annually, the Claremont team came out on top. Again, this year, the Claremont swimming team hosted a swim team from Newington, Conn.

### **RAG TAG FOOTBALL**

A new program which was instituted for boys this year was known as rag tag football. These games were played on the Little League field during the month of October. Four teams were organized and the games were played after school. Credit is due Mr. Frank Nareau for the start of this program and his supervising of the League.

### **TENNIS**

Tennis instruction was offered on the tennis courts at Monadnock Park, with many boys and girls taking advantage of this activity during the summer.

### **ICE HOCKEY**

An informal ice hockey league was formed this year with boys playing a schedule of games on the Goodwin Community Center rink. There were three teams in the league, with the boys also competing with out of town teams.

### **OUTDOOR POOL**

The outdoor pool season opened on June 23rd. Attendance for the season was 11,773. Of this number 10,073 were free admissions, with 1700 paid admissions. Attendance for this season was an increase over the previous season. Also, the paid attendance showed an increase over 1957. The first N. H. Playground swim meet was held at the Claremont outdoor pool as well as some of the Valley meets. A new aluminum diving board for the three meter stand was purchased. A new board for the one meter stand is planned for purchase in the 1959 season. Trouble was incurred with the filter system which necessitated closing

the pool at various times throughout the latter part of the season. Arrangements have been made to repair this condition in the hopes that we can have a trouble free summer of swimming. For the first time, at the outdoor pool, Junior and Senior Life Saving classes were conducted in the morning for twenty boys and girls. Also, the local Girl Scout Council made use of the outdoor pool area and bath house facilities for their day camp for a period of two weeks.

### **INDOOR POOL**

Attendance at the Indoor Pool was 26,640. Of this total 23,073 were paid admissions with 3531 free admissions. The free admission increase was due largely to the three playgrounds using the pool once a week for children attending the playgrounds. The attendance for the 1958 season shows an increase over the previous season of 2489. The Learn to Swim program which is included in the total attendance at the pool had 318 boys and girls register. Also for the second year, pre-school swimming instruction was conducted. This program is for boys and girls under seven years of age, who cannot take part in the summer learn to swim program. 65 boys and girls registered for the junior and senior life saving classes. The pool was also used by the Claremont swimming team for their practices and by boy scout groups. The pool was also made available to the YMCA boys Conference which was held in Claremont. It is probably of some interest to note that many communities used the Claremont Indoor Pool. Our records show that we have had groups from fifty different communities make use of the pool. New hairdryers were installed in the girls locker room and four dressing booths were also installed. Some problem was encountered with the heating fans which necessitated closing the pool for a short time in May.

### **COMMUNITY CENTER**

The Center traffic again showed an increase from the previous year. There was an overall attendance of 68,470 with 803 groups using the building. Attendance comes from regular organized and supervised programs during the year such as fun and frolic clubs; craft clubs, story telling clubs, cooking clubs, square dance groups, folk dancing, junior miss club, stamp club, chess club, bridge club, girl scouts, boy scouts, fly tying, senior citizens, junior theater, junior art club, and many adult groups. It is also used by many civic organizations, clinics, unions, etc. New equipment purchased for the Center included, weights for weight lifting, tape recorder purchased from funds derived from teenage dances which are held at the City Hall and supervised by the Community Center. Three new craft tables were purchased, as well as kitchen equipment such as mixer, pans and cooking utensils for the cooking class. Repairs

**Basketball: Junior Sports League In Action**

were made to the outside of the building such as pointing up the bricks and repairing the front steps. The craftroom was enlarged by tearing down a partition and increasing the craft area for the larger craft classes. The renovation was such, that sliding doors were installed so that the craft room could be used for two rooms. The area next to the indoor pool was asphalted to be used as an all purpose area. The trees along the Post Office property were cut down. This new asphalt area will be used to conduct outdoor teenage dances and activities during the summer months. Two outdoor lights have been added to this area usable for evening events as well as to light the area for evening ice skating during the winter months.

#### **SPECIAL EVENTS**

The Goodwin Community Center and the Recreation Department conducted many special events throughout the year. Many of these events were made possible because of the generosity and cooperation of many people. The following are some of the outstanding events of the 1958 season: 8th ANNUAL SQUARE DANCE FESTIVAL—conducted by the Goodwin Community Center and the Sullivan County 4H clubs. The festival had the largest number of participants, 62 sets, since it started.

12th ANNUAL TWIN STATE BASKETBALL TOURNAMENT

#### **LOLLIPOP CARNIVAL AND FIELD DAY**

4th OF JULY — a more extensive celebration of the 4th of July was held. Starting in the morning there was a Babe Ruth baseball game. A little league game was held in the afternoon and a Fathers and Sons baseball game. All types of field events was held in the afternoon including a greased pig. In the evening a teenage dance was held and a display of fireworks that attracted over 2000 people.

LARIATS — another outstanding event sponsored by the Goodwin Community Center was the public appearance of the Lariats, a young group of dancers from California, ranging in age from 10 to 21 years old. This group made public appearances throughout the country and Claremont was fortunate in having them perform in our community. They demonstrated different types of dances from all over the world. The performance was held in Stevens High School with about 400 in attendance.

BAND FESTIVAL — A special event last summer was the band festival held August 3rd at Monadnock Park. Bands from throughout the Twin State Valley put on a concert for over 500 persons. HALLOWEEN PARTIES FOR YOUNGSTERS AND TEENAGERS, VALENTINE AND CHRISTMAS PARTIES,

CHRISTMAS DISPLAY IN BROAD ST. PARK —One of the new features of the Christmas display

#### Radiological Monitoring Teams Receiving Instructions on Use of Equipment

in the park this year was a scene of a typical New England village in which the buildings were scaled to 1/8 inch of their original size.

#### BASKETBALL CLINIC FOR MIDGETS AND JUNIORS

**ART CONTEST** — Five boys and girls taking art instruction at the Goodwin Community Center's art class had their paintings selected to be entered in the State Art Contest sponsored by the Claremont Women's Club.

**CITATION** — The Claremont Junior Sports League was awarded a citation by the National Recreation Association for outstanding service in the field of Recreation.

**SERVICE AWARD** — The Goodwin Community Center received a service award from the Veterans of Foreign Wars for community service.

**SENIOR CITIZENS PICNIC** — A picnic was held in Moody Park for Claremont Senior Citizen organization.

#### SERVICES

**LOAN AND COUNSELING SERVICE** — The Goodwin Community Center served many Claremont organizations and individuals through the loan of equipment and counseling groups in their programs. Many PTA groups made use of the colored slides of various recreational activities conducted by the Goodwin Community Center and the Recreation Department.

**CLAREMONT SENIORS CLUB** — The Seniors Club, sponsored by the Center, contributed their services to the citizens of Claremont by participating in various tag days drives for charitable organizations. They also assisted in organizing senior clubs in other communities.

#### BAND CONCERTS

Starting June 19th, a Series of weekly band concerts were conducted at the Broad Street Band Stand by the VFW and American Bands.

Respectfully Submitted 1958

Anthony N. Zotto

Supt. of Recreation GCC Director

Edward S. Pegram, Treas.

Claremont Maid Footwear, Inc. renewed the lease, with option to purchase, on the property at Park Ave. and Mulberry St., for two years from April 1st, 1959 to March 31, 1961.

Preliminary applications were made to the N. H. State Industrial Parks Authority in connection with the development of the area at Claremont Junction. Several meetings were held with representatives of the Authority for the purpose of discussing final plans and estimates to be filed with the Authority.

In the course of the year, "Peterson Plastics" was assisted in locating in the vacant mill building on Water St., when it was learned that they were seeking a new location and might leave the area.

## Annual City Welfare Report

Due to dull business in the City and surrounding town, our welfare rolls have increased. Workers unemployment compensations have run out and this also has thrown more on welfare.

We still continue to distribute clothing and wearing apparel of all kinds to the needy families. This clothing is very kindly given to the Dept. and people have been very generous in this respect.

April 17, 1958 the City adopted the Govt. Surplus Food Program. This has proved very helpful to many families. The Dept. still assists Civic and Charitable organizations in the preparation of baskets for distribution at Thanksgiving and Christmas.

### 1955-1958 analysis of City Welfare:

### Frances J. Tolles Home

During the past year, the Tolles Home Trustees have been able to start on a low cost housing program for elderly people at no cost to the tax payers of Claremont. One housing unit is already in operation and the second unit is expected to be completed in 1959.

This is an investment project, using funds to improve the two houses owned by the Tolles Home and, at the same time, provide apartments for elderly couples that might otherwise be forced to break up their homes.

Trustees of the Tolles Home, through action of the Claremont City Council, have the management of this program which has been developed with the counsel and advice of the City Manager and the City Solicitor.

Applicants from Claremont must file requested information so that rentals will go to those of limited income who deserve consideration for this type of living accommodations. Information and application forms are available at the office of the City Manager or from the matron of the Tolles Home at 44 Sullivan Street.

Trustees of the Frances J. Tolles Home are: Miss Gertrude Freeman, Mrs. Charles Knuckey, Mrs. Robert Stevens, Anthony Zotto, and Vincent Perkins. As vacancies occur in this housing project, the Trustees will review all applications, on merit only, and assign apartments accordingly.

<b>Total Taxes</b>	<b>\$ 1,336,240.10</b>	<b>\$ 1,382,327.53</b>
Tax Rate per thousand	45.60	47.10

During the year 1958 the Office of the Board of Assessors set up a system for determining the assessed value of property in each of the City's three Wards. This information was required by the State Tax Commission in connection with certain legislation.

The Office prepared a report for the State Planning and Development Commission on summer homes, tourist camps, hotels, motels and other factors connected with recreation and tourist trade.

The office furnished assistance and information to such United States Government Departments as the Geological Survey, the Small Business Administration, and the Bureau of the Census.

Assistance was given to the representatives of the Manning Co. in their preparation of the 1958 Claremont Directory and to the representative of the Sanborn Map Co. to bring the insurance maps of the City up to date.

Information available from Office records was sought by Finance Companies, lawyers, real estate brokers, public accountants, banks, appraisers and individuals, on such subjects as property locations, property values, property ownerships, locations of individuals, zoning, street locations, street numbers, and other details.

An up-to-date map of the City was completed for the use of other departments of the City, and made available to religious and charitable organizations in connection with their work.

**Beauregard Bridge Across Sugar River  
Under Construction**

The map files of the office have been kept up to date as far as possible, so that original and corrected street and lot layouts are available where such plans have been prepared in the past. It is hoped that eventually all such maps, plans, and drawings will be properly catalogued and filed.

### **Fiske Free Library**

The Library has completed a very busy year. 478500 books and magazines were circulated. Of this number 238396 were from the children's department.

All types of books are called for but there is a special call for books on current affairs, history, travel, biography, photography, jets, rockets and missiles. Young people have similar interests with the addition of sport stories, horse and dog stories, career stories and adventure.

891 books purchased

75 books given

217 books discarded

868 New Patrons registered

Fewer books have been added due to less money and their increased cost.

The usual activities have gone on. Books have been loaned to the public and parochial schools for class room use, to clubs, the Frances J. Tolles Home, the Turgeon Home, the Hospital, the County Home and many shut-ins.

The first National Library week was observed in March. Through the courtesy of the Queen Shop a window was planned around the slogan "Wake Up and Read", to show an evening of reading at home with the members of the family engrossed in their favorite books. In the library exhibits were arranged to create an interest in reading. Two tables on the theme "Then and Now" compared the modern book with those of earlier days. A third table catered to music heard round the world. Recordings from Miss Ina Townsend's collection were played during the week.

Students from Stevens and St. Mary High School were shown the facilities of the library on Youth Government Day.

Book Week was observed with displays of new books for children. An interesting Natural history display was arranged by Miss Ina Townsend.

An exhibit of photographs entered in the Annual Associated Press New England News Executives Association Photo contest brought many people to the library. This was arranged through the courtesy of the Daily Eagle.

Displays were arranged for American Home Week, Education Week, Mental Health Week, Christmas and other holidays.

New lights have been installed in the foyer, upstairs and in the basement.

Our part time assistant has been a great help to us. In fact the added work could not be done without her. There is a real need to have her full time.

We wish especially to acknowledge gifts from:-

The Christian Science Society

The Claremont Cancer Society

The Claremont League of Women Voters

The Claremont National Bank

Norman Densmore

Father Cote Assembly Fourth Degree

K. of C.

The Monday Reading Club

Sullivan County Labor Council

Mrs. Preston Upham

Mrs. Bernice Wakeman

The Wood Working Dept. of Stevens

High School

We are grateful to Farmer Putnam and the Firemen for our petunia bed, to the Daily Eagle for printing our lists and other items, and to anyone who has in any way contributed to the library.

We need more stack room, a new charging desk, and a room for exhibits. Above all we need more money for books if we are to serve the community adequately.

Sincere thanks to the Manager and the staff for their help and cooperation.

Respectfully submitted,

Sarah Gilmore,

Librarian
